Birthday's for April 2013

Happy Birthday from all Club members

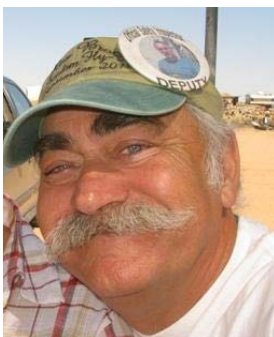

President Message

Members – Well, we had a GREAT Saturday meeting! We met early, at 7AM, and were able to get quite a few Glider flights up in the air, thanks to Peter Prentice. Once again, Peter helped greatly to assist in piloting the Glider so our other members can get a better feel for being in a gyro.

The winds picked up, but fortunately we finished just as that started. The meeting went smoothly, and the BBQ went without a hitch! Until next month, fly safe and see you then!

President Chapter One: Terry Smith

Vice - President Message

Hello Members!

President say everything what I like to say.

I stay at the lake and did some flying on my gyro.

. Vice-President: Teddy

-----What our members are doing -----

1. Teddy after flying Thursday and Friday bay himself doing preflight discovered on the torsion bar, looks cracked. After removing rotor head and inspecting what he saw discovered only scratch. After polishing out the scratch head is assemble and ready to install back to his gyro.

Good preflight save life.

2. **Continuing Rebuilding Wbaldo KB3 Gyro**

April meeting

Good turnout.

Peter getting ready to fly glider.

Glider in the air.

Tony sharing his VW power gyro.

Two good looking ?

Meeting before lunch

From Chapter One Secretary/Treasurer

MINUTES

Meeting was called to order at 11:00am by Terry Smith, President.

Present: Grace, Linda, Karen, George, Doug and his brother, Teddy, Jeff, Richard, Wbaldo and his brother, Jim, David, Tony and Joe.

There were six chapter members that went up in the gyro glider today.

Terry talked about the upcoming fly-in. Karen had provided Terry with a picture of the Bensen Day T-shirt which was very colorful.

Terry said he was going to contact Marie Brock to see if she had a nice picture of Ken. Said he had contacted Dan Donnelly but hadn't heard back from him yet.

Jim asked if we had to use our chapter logo on the T-shirt and Terry said we didn't have to this is why he would like member input. Everyone was encouraged to make suggestions for the fly-in t-shirt.

Terry showed everyone a rough draft of a patch for the fly-in.

Dave Wilson is working on the awards for the fly-in. Terry said he is hoping to get pictures of the awards.

We talked about the PA System for the evening and also having speakers for playing music during the day.

Karen mentioned the "World Smallest Air show" being held at Brian Ranch Airport on Saturday May 25th and Sunday May 26th (Memorial Day Weekend) website: www.brianranch.com. She passed out flyers to everyone.

Terry motioned the meeting be adjourned and Wbaldo seconded the motion.
