

PRA Chapter 30 Monthly e-news

This message is from Randy Coplen (SparrowHawk Dealer) in Auburn, WA.

I have sold Mariah to Eileen and Norm Bolser. Eileen is planning to become a CFI and is working with Dave Overman. The Bolsers have picked up the flight school and business insurance and will rent Mariah the same as I did and will take one of the bays that I was using.. Dave will continue to train any new gyro pilots.

I am still the dealer for SparrowHawks and will keep selling them which includes the one I am building.

Best regards,
Randy Coplen
