

PRA Monthly e-news

The PRA Chapter 30 September meeting will be held this Saturday (the 13th) at Sanderson Field near Shelton. We will meet at my yellow RAF 2000 at 12:00. This is the first fly-in they have had in years. There is a nice cafe at the skydiving shop. Sorry for the late notice.

As always weather permitting.

Other News,

Benjamin Meyers from Oregon just passed and received his gyroplane rating. He says he is looking forward to finally taking his wife and friends for a ride in his beautiful RAF 2000.
